### Scholarship Benefit

The Lauderdale CFA recently had a benefit sporting clays shoot for the Betty Lacy Forestry Scholarship. For some of the new members, the Betty Lacy Scholarship was created in memory of an important and special lady of the Lauderdale CFA. The \$1000 scholarship goes annually to a deserving local student seeking a forestry related education. There were 46 shooters at Camp Binachi for a very successful event. The money raised will help fund the scholarship for future years to come. If you couldn't make it this year, please join us next year and support this great cause.
